

**Middle Tennessee State University
Office of Student Conduct
July 1, 2022 – June 30, 2023**

**Total Number of Disciplinary Cases: 183
Approximate Number of Consultations: 56**

A **disciplinary case** is defined as a student or organization that has been charged with a disciplinary offense. The case number does not reflect the total number of disciplinary referrals made to the office. It also does not account for consultations. One student may have multiple cases and one case may have multiple violations.

The following data presents a synopsis of the breakdown by gender and classification of the students who had discipline cases with the Office of Student Conduct during the specified time period.

REPORTED GENDER	TOTAL	%

Female	63	34

The office consistently sees more males than females and more freshmen than any other classification. It is important to note that many disciplinary cases have more than one referral source. For example, many housing incidents also involve the MTSU Police Department. The MTSU PD is counted as the referral source when there are accompanying reports from other sources.

The following chart presents the number of violation types the office adjudicated. The violation type total number reflects the total number of times this violation was assigned to a student. The total number does not reflect how many times the student was found in violation of that specific rule. *The total number of violation types will exceed the total number of disciplinary cases handled by the office.* One student may have multiple violation types within one disciplinary case. The percentage reflects the percentage of the total number of all violations.

The statistics contained in this report represent disciplinary cases adjudicated by the Office of Student Conduct for the time period indicated. Formal charges may have also been filed with the MTSU police department and/or the Department of Housing and Residential Life. It is possible that a single violation may appear in reports from all three departments. Disciplinary matters that were adjudicated solely by the Department of Housing and Residential Life are **not** reflected in these statistics.

Noteworthy Observations

There was a slight increase in total number of conduct cases charged during this review period, specifically an increase of 13 cases. The office was able to conduct more follow-up meetings with students due to the steady total case load number. Marijuana violations continue to be the most prevalent issue that the office handles.

A significant amount of time is spent in consultations with various campus partners about handling student behavior and addressing behaviors before they become problematic.

Educational Outreach

Staff members provide trainings and educational outreach for Housing and Residential Life, the Office of Fraternity and Sorority Life, Athletics, University 1010 classes, and other areas as requested.
